

Matrix Comsec Announces Interoperability of Cetis IP-Phones with its Hospitality IP-PBXs

As part of the strategic focus on Hospitality segment for telephony solution, Matrix Comsec, announces interoperability of Cetis make Teledex and TeleMatrix IP-Phones with its range of hospitality IP-PBXs. With this segment specific interoperability initiative, Matrix aims to offer more user terminal alternatives to hoteliers and strengthen its presence in hotel telephony solution market.

The TeleMatrix and Teledex range of IP phones were exhaustively tested by Matrix's R&D team and are now interoperable with Matrix IP-PBX. The testing included interoperability of basic and advanced call management feature transparency between IP-PBX and IP-Phones.

Matrix Hospitality Solution

Matrix ETERNITY is a feature rich IP-PBX designed to meet the diverse communication needs of hospitality industry. It incorporates specialized hospitality module, third-party PMS and CAS support and many other utilitarian and productivity enhancing features along with support for PSTN, GSM/3G, ISDN and IP networks. The IP-PBX actively contributes in routine functioning of the hotel with the increased staff mobility and productivity.

Cetis – The Valued Partner

“Matrix has developed a fine range of IP-Phones compatible with IP-PBXs, to further increase customer value, we have identified the need to offer more purchase alternatives of IP end-terminals to hoteliers” said Ruchir Talati, Product Manager – Enterprise Division for Matrix. After identifying various IP-Phones available, we have selected Cetis for its wide range of hotel specific IP-Phones.”

“Cetis has good market reach and is known for their hotel specific IP-Phones. To strengthen Matrix presence in hospitality domain, the bundled solution of Matrix IP-PBX with Cetis IP-Phones will offer comprehensive solution with extended IP end-terminal alternatives for guest rooms.” he continued.

This interoperability will increase the scope of hoteliers to buy a reliable, feature rich and value for money comprehensive hotel telephony system - Matrix IP-PBX with an alternative to select compatible IP end-terminals from the exclusive range of Cetis IP-Phones.

ABOUT MATRIX COMSEC

Established in 1991, Matrix Comsec is a leader in Telecom and Security solutions for modern businesses and enterprises. An innovative, technology driven and customer focused organization; the company is committed to keep pace with the revolutions in the telecom and security industries. With around 30% of its human resources dedicated to the development of new products, Matrix has launched cutting-edge telecom products like IP-PBX, Universal Gateways, VoIP Gateways and Terminals, GSM Gateways, Access Control and Time-Attendance Systems and Fire Alarm Systems. These solutions are feature-rich, reliable and conform to the international standards.

Having global foot-prints in Asia, Europe, North America, South America and Africa through an extensive network of more than 500 channel partners, Matrix ensures that the products serve the needs of its customers faster and longer. Matrix has won several national and international awards which are a testimony of its designing and manufacturing competencies.
