

Matrix Comsec Announces Integration of CHAR with its range of Hospitality IP-PBXs

Matrix Comsec enhanced its presence with the integration of CHAR middleware with its range of hospitality IP-PBXs. With this integration, Matrix backs its commitment to European hoteliers offering the flexibility to use preferred customized hotel PMS through CHAR middleware software with Matrix IP-PBXs.

Matrix Hospitality Solution

Matrix ETERNITY is a feature rich IP-PBX designed to meet the diverse communication needs of hospitality industry. It incorporates specialized hospitality module, third-party PMS and CAS support and many other utilitarian and productivity enhancing features along with support for PSTN, GSM/3G, ISDN and IP networks. The IP-PBX contributes in routine functioning of the hotel with the increased staff mobility and productivity.

CHAR – The Valued Integration Partner

“Matrix IP-PBXs are acclaimed by Indian and overseas Hotel customers. The easy integration with third-party PMS and CAS offers Matrix a competitive edge and Matrix continuously works towards integrating the hotel system with all major PMS vendors globally.” said Ruchir Talati, Product Manager – Enterprise Division for Matrix.

CHAR is a known middleware which allows integration of the PBX with major PMS. This integration with CHAR will offer an option of IP-PBX in the form of Matrix ETERNITY which is reliable, feature rich and offers value for money.
