

Matrix to showcase cutting-edge Telecom and Time-Attendance Solutions at CeBIT 2015, Germany

Matrix, a leading manufacturer of Telecom and Time-Attendance solutions, will launch Enterprise Communication Systems, Range of VoIP-GSM Gateways and New Digital and IP Phones at CeBIT 2015, Hannover Germany.

Matrix with strong history of delivering cutting-edge products and innovative solutions in the IP telephony market will launch ETERNITY LE – IP-PBX for Large Enterprises with up to 1344 analog and 1000 IP users. ETERNITY LE is a powerful communication solution designed for Corporate Offices, Manufacturing Houses, Education/Apartment Campuses and Hotels to transcend all technological, organizational and geographical boundaries. This thorough-breed solution offers advanced functionality backed by 45-party Conference, CTI, IP Telephony, Mobile Extensions, Email to SMS and Voice Mail features.

Matrix will also exhibit its newly launched EON310- multi-featured Digital Key Phone and SPARSH VP330- The Touch Screen IP Phone at the event. These superior voice quality and advance featured phones are specifically designed to meet the needs of executives from small to large businesses.

Furthermore to enhance the productivity, Matrix will showcase two

new time-attendance terminals, COSEC DOOR PVR and COSEC VEGA FAX. COSEC DOOR PVR, a palm vein reader provides the highest security and eliminates hygiene concerns as it is a completely contactless device. COSEC VEGA FAX, is an elegant terminal with Poe, WI-Fi, Touchscreen, IP65 which simplifies time-attendance in the organization. These time-attendance terminals offer cutting edge advantages in terms of technology, connectivity, ease of use and operating environment over other products available in the market.

“CeBIT Germany has been a great platform for us to showcase innovative solutions. This year also we are looking forward to meet system integrators and business professionals to explain our business solutions” said Sagar Gosalia, Vice President, Marketing & Sales.

About Matrix Comsec:

Established in 1991, Matrix is a leader in Telecom and Security solutions for modern businesses and enterprises.

An innovative, technology driven and customer focused organization; Matrix is committed to keep pace with the revolutions in the telecom and security industries. With around 30% of its human resources dedicated to research development of new

technologies and products, Matrix has launched cutting-edge products like IP-PBX, Universal Gateways, VoIP Gateways, IP Terminals, GSM Gateways, Access Control, Time-Attendance and Video Surveillance solutions.

These solutions are feature-rich, reliable and conform to the international standards. Matrix has an extensive network of 600+ system integrators spread across more than 50 countries including USA, Germany, Italy, Portugal, Spain, Australia, Thailand, Vietnam, Philippines, UAE, Saudi Arabia, South Africa and many others. Matrix solutions have gained trust and admiration in these regions due to their quality, engineering and performance. Some of the most coveted international awards in design and technology are testimony of the brand Matrix’s commitment of delivering world-class telecom and security solutions to its customers.
