

Matrix to showcased its range of Telecom & Security solutions at Engineering EXPO 2013, Hyderabad, India.

Matrix Comsec, India based leading manufacturer and provider of Telecom and Security solutions, will showcased its Office-in-a-box, Android mobile softphone, Branch office gateways, Access control and Video surveillance solutions at Engineering EXPO 2013, Hyderabad. Engineering EXPO is a multi-location trade show providing the platform to showcase products & services in specific regions depending on various business requirements.

During the event, Matrix will also showcase office-in-a-box

solution 'NAVAN CNX200', targeted for small business and branch offices. NAVAN CNX200 is a single box solution that offers voice, data, wireless, internet, mobility and messaging features. Further, Matrix telecom will showcase 'SPARSH MS' mobile softphone application, specially developed to work with ETERNITY range of IP-PBXs for complete mobility while working away from the office.

In addition, Matrix will also showcase COSEC DOOR PVR, a unique contactless palm vein reader based door controller ideal for

hospitals, chemical organizations, mines, factories and corporate houses. Furthermore, Matrix will showcase SATATYA NVR400 - IP based network video recording solution for IP camera surveillance and centralized management.

"Engineering EXPO 2013 is an exclusive platform to work closely with SMEs and play a crucial role not only in business development, but also in increasing profitability. We look forward to greet our visitors and explain them about our products and services to benefit their businesses." said Sajeev Nair, Product Marketing Manager.

Matrix to launch office-in-a-Box solution at CommunicAsia-2013

Matrix Comsec will launch its Office-in-a-Box solution NAVAN CNX200 at CommunicAsia Singapore. Matrix is a leading manufacturer of IP based business phone systems and VoIP-GSM Gateways.

NAVAN CNX200 is a single box solution that fulfills all Voice, Data, Internet, Wireless, Mobility and Messaging needs of small businesses and branch offices. NAVAN CNX200 is a compact and

converged platform that delivers advance IP-PBX functionality and offers secured internet, wireless access, data networking and virtual private networking.

Optimized for service provider business, NAVAN CNX200 offers bundling of managed communication services and high-speed internet over 3G/HSPA and leased lines. This further helps service providers to reduce operational costs, increase ARPU and leverage communication infrastructure and services.

"CommunicAsia has been a platform for us to launch new products for global markets since many years. Apart from Office-in-a-Box solution, we are showcasing Executive-class IP Phones with Touch-Screen Display and Android based Mobile Softphone Client for Matrix IP-PBXs at CommunicAsia 2013" said Sajeev Nair, Marketing Manager - Telecom Products."
