Broadvox GO! SIP Trunking Services now compliant with Matrix VoIP Gateways

Matrix Comsec is a leading manufacturer of VoIP products such as IP-PBX, IP-Servers, VoIP Gateways and IP Phones. The global customer base of Matrix VoIP solutions ranges from small and large enterprises. To further strengthen the position in the enterprises and corporates, Matrix Comsec recently tested its products with Broadvox GO! SIP trunking services, USA.

"This compliance of Broadvox GO! SIP trunking services with Matrix VoIP gateways will help Matrix to strengthen its position among USA based small businesses and large enterprises", said Sajeev Nair, Manager-Product Management for Matrix ComSec. The compliance of Broadvox GO! SIP trunking services with Matrix VoIP Gateways will become the cost-effective solution for SMBs and Enterprises.

"Matrix has range of VoIP gateways, with the set of advance features that help businesses to save cost over telephony cost, offer mobility and flexibility to remote staff and increase productivity and efficiency." continued Sajeev Nair. "Broadvox GO! SIP Trunking suite includes various SIP trunking services for local and long distance calling with extra services such as DID with E911, Toll-Free Numbers, Local Number Portability (LNP) and Calling Name (CNAM) Lookup."

"This interoperability of this SIP trunking suite will help Broadvox customers and distribution partners to experience the enterprise quality and reliability with their calling activities. This will in turn increase Matrix reach among SMBs and large businesses availing Broadvox services." continued Sajeev Nair.

About Broadvox

Founded in 2001, Broadvox is a worldwide leader in providing integrated managed VoIP and data services to SMB, Enterprise and carrier customers. It has deployed one of the largest full-featured global VoIP networks and is trusted by over 300 telecommunications carriers, ASPs, ISPs and more than 10,000 businesses to transport over 15 billion minutes of voice and data traffic annually. The Network Operations Centers, operating 24x7x365, provide the reliability, security and quality of service required by the world's most discriminating customers. Broadvox offers SIP Trunking, SIP origination and termination services, broadband, web hosting, and award winning fully managed cloud communications and collaboration solutions. Broadvox is headquartered in Dallas, Texas. For more information about Broadvox, visit, www.broadvox.com

About Matrix Comsec

Established in 1991, Matrix Comsec is a leader in Telecom and Security solutions for modern businesses and enterprises. An innovative, technology driven and customer focused organization; the company is committed to keep pace with the revolutions in the telecom and security industries. With around 30% of its human resources dedicated to the development of new products, Matrix has launched cutting-edge telecom products like IP-PBX, Universal Gateways, VoIP Gateways and Terminals, GSM Gateways, Access Control and Time-Attendance Systems and Fire Alarm Systems. These solutions are feature-rich, reliable and conform to the international standards.

Having global foot-prints in Asia, Europe, North America, South America and Africa through an extensive network of more than 500 channel partners, Matrix ensures that the products serve the needs of its customers faster and longer. Matrix has won several national and international awards which are a testimony of its designing and manufacturing competencies.
