”

Kaushal Kadakia, Product Manager Video Surveillance Solution

Matrix Comsec Stall highlighted the new COSEC DOOR PVR and COSEC VEGA DOOR Controllers. Mentioning about the new products, all excited Jatin Desai – Product Manager Access Control and Time-Attendance Solutions said, “these products have a cutting edge advantage over the others”. COSEC DOOR PVR, a palm vein reader based door controller provides the highest security and eliminates hygiene concerns as it is a completely contactless device. It provides best solution to the Mines, factories and Hospitals. COSEC VEGA Door Controllers are having superior design, Fast & Accurate Fingerprint identification, better storage capacity, IP65 Rating, PoE and Touch screen offer complete solution to corporate, manufacturing units, government organizations, educational Institutes and many more.

Dahua HDCVI Secures Five-Star Rated Hotels at CICA Shanghai

Dahua Technology, a world-leading manufacturer and supplier of video surveillance products headquartered in Hangzhou, China successfully secured five-rated hotels in Shanghai with in-house HDCVI solution. These hotels were playing host to 46 national and organization leaders in Asia during the fourth edition of Conference on Interaction and Confidence-Building Measures (CICA).

“

This project demonstrates all the benefits of HDCVI and has proved applicable and workable. Within only 10 days, the whole video surveillance system has been upgraded to high definition which is not likely happened to IP solution. What HDCVI has been offered to the industry is another HD solution and this is highly gratified by our customers while cabling, cost and IP hassles are the concerned issues.

”

Tim Shen, Overseas Marketing Director, Dahua Technology

CICA Shanghai was hosted during 20th to 21st of May and the conference plays a significant role in security cooperation throughout Asia, Xi Jinping, President of People's Republic of China also attended and presided over the summit.

Shanghai municipal government attached great importance to the summit and spared no endeavor to make sure everything goes secured. To level up video surveillance is among on its must-do list. More than 50 reception hotels are required to upgrade surveillance system from standard definition to high definition.
