

Matrix to showcase its IP based Access Control and other security solutions at Secutech Thailand, 2014

Matrix a leading manufacturer of enterprise grade security and telecom solutions is pleased to announce its participation in Secutech Thailand, 2014. Here, Matrix will showcase its complete portfolio of security products encompassing range of Access Control, Time-Attendance and Video Surveillance Solutions.

At this event, Matrix will demonstrate a range of new high end door controllers with IP65, PoE and touch screen. "These door controllers offer cutting edge advantages in terms of technology, connectivity, ease of use and operating environment over other products available in the market," said Jatin Desai- Product Manager Time-Attendance and Access Control. Apart from these we will also showcase palm vein based door controller and our complete range of controllers along with Time-attendance and Access control software.

Moreover, enhancing its video surveillance range, Matrix will launch SATATYA HVR series a single

solution for IP and analog surveillance needs. This solution utilizes the cost benefits of analog and enhanced security and scalability of IP solution. "This highly reliable enterprise solution with a comprehensive Centralized Management Software and Mobile Viewer along with enhancing security will also improve productivity and efficiency of organizations," said Mr. Kaushal Kadakia – Product Manager Video Surveillance Solution.

"Secutech Thailand is a great platform to demonstrate our security solutions as well as to interact with customers, distributors and potential clients. We are targeting to establish a strong business foothold in the region by expanding our channel network," said Mr. Abhay Joshi, International Sales Manager.
