

## Matrix Comsec declared amongst top 10 Telecom and Security Solutions Provider for SME in India

### **Matrix Business Managers Anuj Pandey and Prashanta Dutta receiving the 'SME Channels Achievers' Award 2012**

Matrix Comsec has been declared as one of the top 10 SME Solution Providers in India for the FY 2011-12 by SME Channels in 'SME Channels Achievers' Awards 2012' held on October 05, 2012 at New Delhi.

Matrix Comsec is in the field of manufacturing Telecom and Security products and it indigenously designs, develops and manufactures these products. Matrix has won the award for its array of Telecom Products catering to the SME segment. It is the technology and the quality of the products that has helped Matrix defy competition from well established brands.

“Winning the SME Channels Achievers’ Award is not only a great source of honor and pride, but also an inspiration to set the bar higher for ourselves. Matrix has consistently delivered world-class products to its customers. This award is a validation of the quality and reliability of our products, support services, the efforts of all our channel partners who represent Matrix across the globe, marketing and selling our products. We congratulate them and the entire Matrix team for this achievement. We thank our customers for their continual faith in us,” says Ganesh Jivani, MD, Matrix Comsec.

The 'SME Channel's' Achievers Award is conferred to the Top 10 SME Solution Vendors. The method of selecting a potential winner follows a stringent three pronged approach that takes a readers' choice (through SME Channels poll, which was running for last six months), the internal SME Channel technical assessment and editorial board judgment into account. The winner is chosen after rigorous evaluation and benchmarking process.
