

Matrix to showcase its comprehensive range of Security Solutions at INTERSEC Dubai

Matrix Comsec, a leading manufacturer of Enterprise Security and Telecom solutions, is participating in INTERSEC Dubai. Matrix will showcase its complete portfolio of Security products encompassing range of Access Control and Time-Attendance and Video Surveillance Solution.

Here, at this event our main focus will be to highlight the new **COSEC DOOR PVR** and **Door controllers**. These products have a cutting-edge advantage over the others in terms of technology, connectivity, ease of use and operating environment. COSEC DOOR PVR is a palm vein reader based door controller provides the highest security and eliminates hygiene concerns being it a completely contactless device. COSEC new range of Door Controllers are with IP65, PoE, touchscreen and wireless connectivity that offer complete access control and time-attendance solution for Corporate, Manufacturing Units, Government Organizations, Educational Institutes and many others.

Matrix will also launch its **SATATYA HVR** series- a single solution for IP and analog surveillance needs. This solution utilizes the cost benefits of analog and enhanced security and scalability of IP solution. "This highly reliable enterprise solution with a comprehensive Centralized Management Software and Mobile Viewer, will also improve productivity and efficiency of organizations," said Mr. Kaushal Kadakia – Product Owner Video Surveillance Solution.

"We have been exhibiting at INTERSEC since last year; I must say it is a great platform where we can have good opportunity to meet our customers, distributors and potential clients. For us it's been another good year." said Mr. Abhay Joshi, International Business Manager.

Matrix looks forward to greeting customers at Hall No. S1, Stall No.645C during 19 to 21st January, 2014 to discuss their requirements and offer better solutions.
