

Matrix to showcase its comprehensive range of Security solutions at Secutech Thailand-2013, Bangkok.

Matrix Comsec, a leading manufacturer of Enterprise Security and Telecom solutions, is participating in the Secutech Thailand-2013. Matrix will showcase its complete portfolio of Security products encompassing range of Access Control and Time-Attendance Solution, Video Surveillance Solution and Fire Alarm Panel.

At this event Matrix will launch three new door controllers COSEC DOOR PVR, COSEC NGT FCX and COSEC PATH. Mentioning about the new products, Mr. Jatin Desai – Product Manager Access Control and Time-Attendance Solution said, “ This product has a cutting edge advantage over the others. COSEC DOOR PVR, a palm vein reader based door controller provides the highest security and eliminates hygiene concerns as it is a completely contactless device. COSEC NGT FCX, an elegant door controller with an innovative design simplifies time-attendance and strengthens security. COSEC PATH series door controllers are IP65 rated and with PoE enable. These devices are suited for hospitals, chemical organizations, mines, factories, corporate houses and many others.”

Matrix will also launch SATATYA NVR400 – the IP based surveillance solution. “This highly reliable product with a comprehensive centralized management software along with enhancing security will also improve productivity and efficiency of organizations” said Mr. Kaushal Kadakia – Product Manager Video Surveillance Solution. Matrix will also be showcasing its entire range of DVRs and Cameras suitable for all kinds of applications.

“ At Secutech Thailand our main focus would be in exhibiting the complete range of security solutions which includes the most comprehensive software solution of the industry. We are targeting to establish a stronger business foot hold in the region by expanding our channel network. said Abhay Joshi, International Business Manager. “

Visit Matrix at Secutech Thailand-2013 during 03-05 July, 2013 at Stall No. B310, Bangkok International Trade and Exhibition Centre (BITEC), Bangkok, Thailand.
